Mini-Movie Makers is a continuation of Theater-In-Academics, as well as the film & theater components of our Universal Kids summer camp. Over the last 4 years, at Learning Bee, we've produced our students original work in plays, films, and cartoons!

Students have shown measurable improvement in reading, writing, and public speaking, while developing their creativity - AND having loads of fun in the process!

With the techniques taught in class, our students have gone on to independently film, write, and act, applying their skills to school projects, talent shows, and even their own home movies!
